

MEC ZUMA CHECKS PROGRESS ON ONE HOME ONE GARDEN INITIATIVE

09 November 2023

The KwaZulu-Natal MEC for Agriculture and Rural Development, Hon. Super Zuma, visited Ward 41 in Imbali, Pietermaritzburg, to check on the progress made by farmers who are beneficiaries of the One Home One Garden programme.

MEC Zuma made his first visit last year to a number of households who were handed seedlings, farming implements and further expert advice.

MEC Super Zuma is proud of the hard work that has gone into many of the household gardens and he has encouraged residents who do not have gardens yet, to pick up their farming implements and work to feed their families.
