1. INTRODUCTION

1.1 Background

On 28 February 2018, Mr P.X. Mtetwa (Agricultural Advisor) requested Mr N. S. Njoko (Engineering Technician) to carry out an irrigation design for VegieLand garden owned by Mr Ndlovu at Nachtwacht Farm.

Nachtwacht Farm is within Mr Mtetwa's area of jurisdiction under the Department of Agriculture, Utrecht Local Municipality.

1.2 Extent of Project

The total area of VegieLand garden is 1.55ha and the portion for irrigation is 0.72ha (limited by water delivery)

1.3 Locality

The site is located North East from the town of Groenvlei and is 4.5km from the junction of Road P43 and P217 towards Road P332. See Figure 1 below.

Co-ordinates: S 27° 26' 20.9"

E 30° 15' 27.6"

Figure 1, Farm Boundary

1.4 Type of Irrigation System

Various irrigation systems including dynamics thereof were explained to the farmer to choose from. The systems included permanent sprinkler system, quick coupling system, dragline system and hop along system.

The system chosen by the Farmer was the dragline system.

2. OBJECTIVE

2.1 Irrigation scheme

- The project is focused at growing vegetables including cabbage, spinach, lettuce and carrot. The installation of an irrigation system will improve the Farmer's yield significantly.

3. TECHNICAL INPUTS

This section summaries all technical reports/ Investigations that were conducted prior to commencement of the design process.

3.1 Soil analysis

The soil survey was conducted by Mr F.D. Modiba (Agronomist) with adherence to the Departmental methods and procedures. A total no of 5 (1x1x1) soil pit profiles were established. Selected soil samples were submitted to Cedara for laboratory analysis.

3.2 Topographical survey

A land survey was carried out by Mr N.S Njoko (Engineering Technician) using a Trimble GPS RINGT8 at 1m contour interval. The survey revealed a lower level of 1836m and a highest level of 1845m above sea level.

3.3 Water

The water sources to supply the irrigation system is 2 natural wells. The yield of the sources was measured in November 2017 and was found to deliver 5L in 4seconds. No formal laboratory tests were conducted to ascertain quality.

Water will be drawn from 2 wells to four 10 000L jojo tanks.

3.4 Electricity

There is no electricity available in the area

4 TECHNICAL INFORMATION

4.1 Sprinkler

Nelson R33LP: 4.4mm nozzle (wetted diameter 26.8m)

Bar: 1.75

l/h: 970

This sprinkler has been chosen for its low operating pressure requirements therefore saving energy.

4.2 Pipe Materials Selection

HDPE pipes were selected for the mainline(50mmØ) and laterals(combination, 50 & 40mmØ). The HDPE pipes were selected due to the following attributes and advantages:-

- Suitable for underground applications (i.e. where they will be protected from solar radiation),
- Cost effective,
- Corrosion resistant and a maintenance free lifespan,
- Light in weight - easy handling, transportation & installation
- Excellent flow characteristics, resulting in lower pumping costs

4.3 Pump Selection

This irrigation system is gravitational, however it requires a booster pump to meet the required head. There is no electricity in the farm area, therefore the selected pump will be diesel driven. The booster pump (Etanorm 40-25-160) must be capable of delivering 3.88m³/h with a head of 21m and an impeller size of 140mm with NPSH of 1.2m and shaft power of 0.92kw. It will be driven by a 4kw air cooled diesel engine.

4.4 Jojo tanks (X4) Including Tank Stands

See Annexure C, Jojo tank stand drawing. One tank stand will carry 2 jojo tanks

4.5 Spring Water Harvesting Facilities

Spring water will be drawn from two sources by means of harvesting facilities. The facilities consist of rock fill and a perforated 600mm Ø drum, 400mm deep covered by a 200mm layer of top soil. 50mm Diameter pipes will collect water from these facilities to the 4 jojo tanks. See Annexure D

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregards the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

(Bid Number and Description)

in response to the invitation for the bid made by:

(Name of Institution)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf

of: _____ that:

(Name of Bidder)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
 - (a) has been requested to submit a bid in response to this bid invitation;
 - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder

6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation)
 - (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not to submit, a bid;
 - (e) the submission of a bid which does not meet the specifications and conditions of the bid; or
 - (f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.
