GREATER KOKSTAD HONOURS FORMER PRESIDENT NELSON MANDELA AND MAMA ALBERTINA SISULU

The KZN Department of Agriculture and Rural Development Greater Kokstad Local Office together with the Greater Kokstad Municipality took part in a series of activities on the 18th of July 2018, to celebrate the life of global icons - former President Nelson Mandela and Mama Albertina Sisulu in their centenary celebration. These celebrations also coincided with the birthday of the late former President Nelson Mandela.

These activities included the handing over of a water-harvesting tank to Khanyiselani Centre, which is a centre for the disabled, pre-school learners and people living with HIV and AIDS.

The Department has also established an institutional vegetable garden for the Khanyiselani Centre and is planning to start a fruit tree garden (Orchards) in September 2018 during Arbor Week.

The aim is to create awareness and promote agriculture as a culture and a lifestyle for the citizens of Greater Kokstad.
