A STATE of the art office-bus to deal with land claims backlogs was yesterday unveiled in Durban.

The bus will criss-cross the province and be shared with the Eastern Cape to collect land claims.

"The application will be done instantly and claimants notified via SMS within 48 hours," agriculture and rural development MEC Cyril Xaba said.

Xaba urged the dispossessed to apply before the deadlines.

Commission head Bheki Mbili encouraged claimants to take advantage of the process.
