### AMENDMENT OF THE APPROVED 2026/27 REVENUE TARIFFS

Reference is made to the submission dated 10 February 2026.

It is noted that the department submitted its proposed revenue tariffs for review to Provincial Treasury in November 2025, in compliance with the circular that had been issued. The revised tariffs for 2026/27 were approved at the time.

The department has since written to Provincial Treasury to request that the approved revenue tariffs be permitted to be rounded off to the nearest R10 to ease the administrative process in collecting this revenue. Provincial Treasury has carefully considered your request to round off each amount of the tariffs charged by the department to nearest R10 in the approved 2026/27 revenue tariffs.

The proposed tariff rounding off is hereby **approved** in terms of Treasury Regulation 7.3.1 and will be effective from 1 April 2026. It is noted that this will have no effect on the 2026/27 revenue budget as submitted by your department in the third draft budget database for the 2026/27 MTEF budget process.

The revised revenue tariffs should be taken into account when reporting on your revenue collection in the 2026/27 In-Year Monitoring (IYM) reports, in terms of both the actuals and the projections.
