To ensure complete analysis on these samples please indicate if the following analysis are also required for these samples: (tick)

Fertility (soil)	
Texture (soil)	

Please note: Fertility, Texture and CNS analysis are done in different laboratories. Please complete the relevant submission forms.

Total Nitrogen analysis mostly measures organic Nitrogen , which is not the form taken up by plants.

1. *Clearly label all the boxed samples and ensure that the labels correspond exactly with what is listed on the submission forms before handing them over at reception.*
2. *The analytical methods used to produce the result may vary between different labs, and hence the results themselves.*
3. *may not Results be used for litigation*
